

EM-Assist Wins \$30 Million Air Force Contract for Environmental Services

LAYTON, UT – December 12, 2008 – EM-Assist, Inc., a leading provider of environmental services and training solutions to government clients, recently won an Architectural and Engineering (A&E) prime contract to provide environmental services to the United States Air Force. This five-year indefinite delivery/indefinite quantity (ID/IQ) contract has an award ceiling of \$30 million. Under the contract, EM-Assist can be tasked to provide services that include environmental compliance, information management, conservation and planning, and restoration at Hill Air Force Base (Utah), Little Mountain Test Annex (Utah), Utah Test and Training Range, and other Department of Defense facilities.

EM-Assist's long-standing relationship with the Air Force, proven track record of success in providing environmental services, and extensive experience with Department of Defense facilities in Utah uniquely qualify the company to provide best-value environmental solutions to the Department of Defense.

ABOUT EM-ASSIST

EM-Assist, Inc. is government's trusted partner for environmental program management, technical support, and training solutions. The company helps clients cost-effectively address their most challenging environmental compliance, information management, conservation and planning, and restoration needs. EM-Assist also helps clients deliver the right training to the right people at the right time by blending custom eLearning courseware with instructor-led training, and by providing efficient training program administration through powerful, easy-to-use learning management systems. EM-Assist, founded in 1996, is headquartered in Folsom, CA and has 120 professionals in multiple offices throughout California, Utah, and Colorado. Additional information can be found on the company's Website located at www.EM-Assist.com.
